GENERAL DISCLAIMER

The designations employed and the presentation of material in this publication do not imply the expression of any opinion whatsoever on the part of the ECA secretariat concerning the legal status of any country or territory, or of its authorities or concerning the delimitation of its frontiers or boundaries. The designations and the presentation were adopted solely for the purpose of providing a convenient geographical basis for the statistical data.

In some tables the classification "developed" and "developing economies" have been used. This classification is intended for statistical convenience and does not necessarily express a judgement about the stage reached by a particular country or area in the development process.

DENI DE RESPONSABILITE

Les appellations employées dans cette publication et la présentation des données qui y figurent n'impliquent de la part du secrétariat de la CEA aucune prise de position quant au statut juridique de tel ou tel pays ou territoire, ou de ses autorités, ni quant au tracé de ses frontières. Lesdites appellations et ladite présentation n'ont été adoptées que pour donner un cadre géographique commode aux données statistiques publiées.

Dans certains tableaux les classifications "pays développés à économie de marché" et "pays en développement à économie de marché" ont été utilisées à des fins purement statistiques et n'impliquent aucune prise de position quant au degré de développement atteint par tel ou tel pays ou territoire.

INTRODUCTION

This is the seventh issue of the FOREIGN TRADE STATISTICS FOR AFRICA, SERIES C: SUMMARY TABLES which presents data for the years 1976-1985 and follows the same pattern as the previous issue.

The following notes explain the concepts and definitions used in the tables.

1. Boundary of the statistical territory

The data relate to all the countries of the African region divided as follows:-

North Africa:	Algeria, Egypt, Libyan Arab Jamahiriya, Morocco, Sudan and Tunisia;
West Africa:	Benin, Burkina Faso, Cape Verde, Gambia, Ghana, Guinea, Guinea-Bissau, Cote d'Ivoire, Liberia, Mali, Mauritania, Niger, Nigeria, Senegal, Sierra Leone and Togo;
Central Africa:	Burundi, Cameroon, Central African Republic, Chad, Congo, Equatorial Guinea, Gabon, Rwanda, Sao Tome and Principe and Zaire;
East and Southern Africa :	Angola, Botswana, Comoros, Djibouti, Ethiopia, Kenya, Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Seychelles, Somalia, Swaziland, United Republic of Tanzania, Uganda, Zambia and Zimbabwe;
Other Developing Africa :	Namibia, Reunion and Western Sahara;
South Africa:	The Southern African Customs Union.

2. System of Trade

Two systems of recording trade are in common use, differing mainly in the way warehoused and re-exported goods are recorded.

(a) Special Trade: Special imports are the combined total of imports for direct domestic consumption (including transformation and repair) and withdrawal from customs bonded warehouses or free zones for domestic consumption. Special exports comprise exports of national merchandise, namely, goods wholly or partly produced or manufactured in the country together with exports of nationalized goods (nationalized goods are goods

which having been included in special imports are then exported without transformation);

(b) General Trade: General imports are the combined total of imports for direct domestic consumption and imports into customs bonded warehouses or free zones. General exports are the combined total of national exports and re-exports. Re-exports, in the general trade system, consist of the outward movement of nationalized goods plus goods which, after importation, move outward from customs bonded warehouses or free zones without having been transformed.

Technically, direct transit trade (i.e. goods merely being trans-shipped or moving through the country for purposes of transport only) is excluded from the statistics of both special and general trade. However, in the statistics of the following six countries it is included: Cape Verde, Egypt, Ethiopia, Niger, Nigeria and Togo.

The statistics of the following countries are on the special trade system:

Algeria	Central African Republic	Guinea Bissau	Sao Tome & Principe
Angola		Liberia	
Benin	Chad	Madagascar	Senegal
Botswana	Congo	Mali	Somalia
Burkina Faso	Djibouti	Mauritania	Togo
Burundi	Egypt	Morocco	Zaire
Cameroon	Gabon	Mozambique	Zambia
Cape Verde		Reunion	

The statistics of the following countries are on the general trade system:

Comoros	Libyan Arab Jamahiriya	Sierra Leone
Ethiopia	Lesotho	South Africa
Gambia	Malawi	Swaziland
Ghana	Mauritius	Sudan
Guinea	Niger	Tanzania
Cote d'Ivoire	Nigeria	Tunisia
Kenya	Rwanda	Uganda
	Seychelles 1/	Zimbabwe

3. Valuation

1/ Goods, apart from bulk fuel, imported into bonded warehouses are recorded as imports at the time of release from bond either for home consumption or re-export. Bulk fuel imports are recorded at time of arrival.

Generally imports are valued c.i.f., i.e. the value at which the goods were purchased plus the cost of transportation and insurance, where not included to the frontier of the country of imports (including unloading charges at the frontier if any). However in respect of the following countries the value reported is the c.i.f. value as herein defined plus customs duties or other customs charges.

Benin	Cameroon	Lesotho	Niger
Botswana	Central African	Madagascar	Sudan
Burkina Faso	Republic	Mozambique	Swaziland

Exports are generally valued free on board (f.o.b.) or free on rail or road vehicles (f.o.r.) at the frontier of the country, including export duties, internal taxes and similar charges imposed in the country of exports in so far as they in fact remain charged on the goods exported. this is the value at which the goods were sold by the exporter, including transportation and insurance, to bring the goods onto the transporting vehicle at the frontier of the country. However in respect of the following countries the value reported falls short of the definition by the exclusion of export duties and/or other internal expenses:

Angola	Comoros	Rwanda	Togo
Burkina Faso	Djibouti	Sierra Leone	Tunisia
Cape Verde	Madagascar	Seychelles	

4. Merchandise

Merchandise is defined to include all goods which add to or subtract from the stock of material in a country as a result of their movement into or out of the country.

The following items are therefore excluded from the statistics:

(a) Goods consigned by a government to its armed forces and diplomatic missions abroad 1/,

(b) Trade of foreign missions stationed in the reporting country 2/,

---

1/ Included in the statistics of Benin and Madagascar.

2/ Included in the statistics of Benin, Botswana, Central African Republic, Gambia, Mauritius, Niger, Nigeria, Rwanda, Sierra Leone and Togo.

(c) Trade of foreign military forces stationed in the country 3/,
(d) Bank notes 4/ and coins 5/ in circulation,

(e) Vehicles engaged solely in carrying goods or passengers between countries 6/,
(f) Vehicles of tourists and travellers 7/,
(g) Other effects of tourists and travellers 8/,
(h) Animals temporarily imported for raising or breeding 9/,
(i) Goods shipped only for temporary storage 10/,
(j) Goods for exhibition only 11/,
(k) Returnable samples 12/ and returnable containers 13/.

3/ Included in the statistics of Benin, Burkina Faso and Mauritius

4/ Included in the statistics of Benin, Cape Verde, Comoros, Gambia, Sudan and Togo.

5/ Included in the statistics of Benin, Cape Verde, Gambia and Malawi.

6/ Included in the statistics of the Central African Rpublic, Ethiopia, Mauritius, Mozambique, Nigeria, Rwanda, Seychelles, Sudan and Togo.

7/ included in the statistics of Benin, Central African Republic, Djibouti, Niger, Mauritius, Mozambique, Nigeria, Seychelles, Sudan and Togo.

8/ Included in the statistics of Cameroon, Central African Republic, Ghana, Nigeria and Togo.

9/ Included in the statistics of Benin, Central African Republic, Egypt, Ghana, Malawi, Niger, Nigeria, Reunion and Sudan.

10/ Included in the statistics of Benin, Botswana, Mauritius, Mozambique, Niger, Nigeria and Reunion.

11/ Included in the statistics of Benin, Gambia, Ghana, Kenya, Malawi, Mozambique, Niger, Nigeria, Tanzania, Togo and Uganda.

12/ Included in the statistics of Benin, Ghana, Niger, Nigeria, Sierra Leone, Tanzania, Togo and Uganda.

13/ Included in the statistics of Benin, Chad, Central African Republic, Gambia, Ghana, Mozambique, Niger, Nigeria, Sierra Leone, Sudan and Togo.

As regards the treatment of gold, it is the practice to include non-monetary gold only in the statistics of the following countries:

Botswana	Ethiopia	Mauritius
Cape Verde	Sierra Leone	Swaziland

and both monetary and non-monetary gold in the statistics of the following:

Algeria	Comoros	Ghana	Malawi	Tanzania
Benin	Egypt	Kenya	Reunion	Uganda
Cent.African Republic	Gambia	Madagascar	Seychelles	

However, largely because of technical difficulties and because the SITC revised treats all types of gold as non-merchandise trade, gold is also not included in the tables.

Other exclusions are:

(a) Bunkers and stores for ships and aircraft 14/,
(b) Fish and salvage sold abroad or to foreign vessels off national vessels 15/, and fish and salvage landed from foreign vessels in national ports 16/,
(c) Goods on lease 17/,
(d) Repairs to foreign ships and aircraft 18/,

14/ Included in the statistics of Benin, Central African Rep., Comoros, Ethiopia, Gambia, Kenya, Madagascar, Nigeria, Reunion, Seychelles, Somalia, Swaziland, Tanzania and Uganda.

15/ Included in the statistics of Benin, Ethiopia, Somalia and Togo.

16/ Included in the statistics of Benin, Cameroon, Central African Republic, Comoros, Egypt, Ethiopia, Gambia, Ghana, Kenya, Madagascar, Malawi, Mauritius, Mozambique, Reunion, Seychelles, Sierra Leone, Somalia, Sudan, Tanzania, Togo and Uganda.

17/ Included in the statistics of Benin, Botswana, Gambia, Ghana, Kenya, Libyan Arab Jamahiriya, Reunion, Seychelles, Sierra Leone, Somalia, Tanzania, Togo and Uganda.

18/ Included in the statistics of Benin, Lesotho, Nigeria, Sudan, Swaziland and Zambia.

(e) Goods sent for 19/, and returned from repair 20/.

Included are the following:

(a) International transactions of sales and purchases of ships and aircraft 21/,
(b) Silver ore, concentrates, bullion, unissued coin and scrap and partly-worked and manufactured silver 22/,
(c) Trade in gas 23/, electricity 24/, and water 25/.
(d) Parcel post 26/
(e) Trade on government account 27/ (but see the first three items under exclusions above),
(f) Trade on account of foreign concessionaires operating in a country 28/,
(g) Goods not liable to customs duty 29/.

19/ Included in the statistics of Benin, Gambia, Ghana, Malawi, Mauritius, Niger, Nigeria, Sierra Leone, Sudan and Swaziland.

20/ Included in the statistics of Benin, Botswana (value of the repair only), Cameroon, Comoros, Egypt, Gambia, Ghana, Kenya, Lesotho, Malawi, Mauritius, Niger, Nigeria, Sierra Leone, Swaziland, Tanzania, Uganda and Zambia.

21/ Excluded from the statistics of Cameroon, Gambia, Ghana and Niger.

22/ Excluded from the statistics of Cameroon, Libyan Arab Jamahiriya, Mozambique, Niger, Nigeria, Sierra Leone, Somalia and Zambia. In respect of the Seychelles, Sudan and Swaziland, only bullion and specie are excluded.

23/ Excluded from the statistics of Nigeria.

24/ Excluded from the statistics of Central African Republic, Egypt, Niger, Nigeria and Somalia.

25/ Excluded from the statistics of Djibouti, Egypt, Niger and Nigeria.

26/ Excluded from the statistics of Mauritius (imports), Mozambique, Nigeria and Rwanda.

27/ Excluded from the statistics of Egypt and Nigeria.

28/ Excluded from the statistics of Egypt, Ghana, Mozambique, Nigeria, Seychelles and Sudan.

29/ Excluded from the statistics of Cameroon, Ethiopia, Mauritius, Reunion and Sudan.

5. Partner countries

The classification under "country" names of geographical parts of the world with which the various countries have trade is not uniform in their official statistics. Thus, the definition of trading partner varies for a number of countries and the following terms apply:

(a) In respect of imports

(i) "Country of origin" or production (i.e. the last country in which the goods received appreciable physical transformation) for Algeria, Angola, Benin, Cameroon, Cape Verde, Central African Republic, Chad, Comoros, Congo, Ethiopia, Gabon, Ghana, Guinea Bissau, Kenya 30/, Cote d'Ivoire, Liberia, Madagascar, Malawi, Mali, Mauritius, Mauritania, Morocco, Mozambique, Niger, Nigeria, Reunion, Senegal, Sierra Leone, Seychelles, Somalia, Tunisia, Tanzania 30/, Uganda, 30/ and Zambia;

(ii) "Country of consignment" (i.e. the country from which the goods were first despatched to the importing country) for Botswana, Egypt, Kenya 31/, Libyan Arab Jamahiriya, Sudan, Tanzania 31/, Uganda 31/ and Zaire;

(iii) "Country of purchase" (i.e. country of residence of the seller) for Swaziland;

(iv) "Country of provenance" in respect of all other countries.

(b) In respect of exports

(i) "Country of last consignment" (i.e. the last known destination for Algeria, Burkina Faso, Cameroon, Central African Republic, Comoros, Egypt, Ethiopia, Gambia, Ghana, Cote d'Ivoire, Kenya, Liberia, Libyan Arab Jamahiriya, Madagascar, Malawi, Mali, Mauritania, Mauritius, Morocco, Niger, Nigeria, Reunion, Senegal, Sudan, Tanzania, Togo, Tunisia and Uganda.

(ii) "Country of consumption" (i.e. country where merchandise should receive treatment for which it was designed at the time of production or manufacture, or place where it should be transformed, repaired or submitted to further workmanship, not including blending, repacking or reassortment) for Angola, Cape Verde, Gambia, Benin and Mozambique;

(iii) "Country of sale" (i.e. the country of the residence of the buyer) for Swaziland;

30/ Up to 1975.

31/ After 1975.

(iv) "Country of destination" in respect of all other countries.

(c) Countries trading with themselves

Some countries have been reported trading with themselves. Among the various explanations for this are the following:

Imports: Where merchandise exports have returned such merchandise are recorded as imports into the country from where they were originally exported. This is true of Malawi and Madagascar.

Exports: These relate to:

(i) Stores sold to national vessels but treated as exports of the country concerned. This is true of Madagascar. (ii) Exports to a "free area" and shown as exports in the national publication. This is true of Morocco.

The country aggregates shown throughout this publication are based on those set forth in the UNITED NATIONS STANDARD COUNTRY CODE except as concerns the African sub-regions.

5. Index numbers of quantum, unit value and terms of trade

Index numbers of unit value in national currencies and quantum and terms of trade are presented in tables 3 to 5. Apart from the estimates shown, the indices are the official indices which show the changes in the average price of the aggregate merchandise imports or exports (indices of unit value) and the volume of the aggregate merchandise imports or exports (indices of quantum). Each index number represents a change in price or volume between the period to which the number relates, called the current period, and a fixed period, called the reference period, in which the index is represented by the percentage 100. In order to facilitate comparison the indices shown have been adjusted so that the calendar year 1950 is the reference period.

The formulae used for the computation of the quantum and unit value indices are as follows:

	Quantum index	Unit value index
Laspeyres (base weighted)	$\frac{\Sigma p_0 q_n}{\Sigma p_0 q_0}$	$\frac{\Sigma p_n q_0}{\Sigma p_0 q_0}$
Paasche (current weighted)	$\frac{\Sigma p_n q_n}{\Sigma p_n q_0}$	$\frac{\Sigma p_n q_1}{\Sigma p_0 q_1}$

Fisher Ideal $\sqrt{\frac{\Sigma PoQn}{\Sigma PoQo} \times \frac{\Sigma PnQn}{\Sigma PnQo}}$ $\sqrt{\frac{\Sigma PnQo}{\Sigma PoQo} \times \frac{\Sigma PnQn}{\Sigma PoQn}}$

where "P" denotes "average price", "Q" denotes "quantity", "o" denotes "reference period" and "n" denotes "current period".

The unit value indices in respect of the following countries are based:

(a) On the Laspeyres formula
Ghana, Libyan Arab Jamahiriya 32/, Mauritius and Senegal;
(b) On the Paasche formula
Egypt, Gambia, Cote d'Ivoire, Morocco, Malawi and Zaire
(c) On the Fisher Ideal formula
Kenya, Tanzania, Uganda, Zambia and Zimbabwe.

The quantum indices in respect of the following countries are based:

(a) On the Laspeyres formula
Libyan Arab Jamahiriya 32/, Morocco, Malawi and Sudan.
(b) On the Paasche formula
None.
(c) On the Fisher Ideal formula
Kenya, Tanzania, Uganda, Zambia and Zimbabwe.

On the other hand for the estimates included in the tables the quantum indices have been computed on the basis of the Laspeyres formula while the unit value indices are derived interdependently based on the Paasche.

The estimates in respect of quantum indices for the region as a whole and the sub-region groupings are the average of the country index numbers weighted by the US dollars equivalent of the relevant aggregate value of imports or exports. The corresponding unit value indices are interdependent and have been obtained by dividing the quantum indices thus computed into the relevant total value indices thus:

$$UVn = \frac{\Sigma Vn}{\Sigma Vo} \div Qn$$

Where "UVn" denotes the unit value of the imports or exports of a given country in current year, "Vn" denotes the total value of the imports or exports of a given country in the current year, "Vo" denotes the corresponding value in the reference year and

---

32/ The indices are calculated on moving period weights and chained

"Qn" denotes the quantum index number for that country in the current year.

The terms of trade have been calculated as the ratio of the unit value index numbers of exports to those of the corresponding imports.

7. Symbols used

The following symbols have been used in the tables:

"..."	denotes	"not available"
" - "	denotes	"magnitude of less than half the unit used"
" * "	denotes	"provisional or estimated figure"
" G "	denotes	"general trade"
" S "	denotes	"special trade"

8. Estimates used

The estimates of absolute value shown in the tables are by and large extrapolations on derivates from monthly data, reported by the country or from the data of partner countries.

9. Sources of data

(a) United Nations
- (i) Yearbook of International Trade Statistics.
- (ii) Commodity by country, Series D, Magnetic Tapes files.
- (iii) Foreign Trade Statistics for Africa Series A, Direction of Trade.

(b) International Monetary Fund: Direction of Trade, Annuals.

(c) Statistical Office of the European Communities: Acl: Yearbook of Foreign Trade Statistics.

National annual statistical reports on external trade have also been used as well as current issues of the following periodicals:

(a) Africa Research Ltd. (England) Africa Research Bulletin
(b) The Economist Intelligence Unit, Ltd. (London) Quarterly Economic Review and
(c) Marchés tropicaux et mediterranéens (Paris).

In addition direct correspondence has been maintained with national statistical services.

INTRODUCTION

Ce document est le septème numéro des "Statistiques du commerce extérieur pour l'Afrique, Série C: tableaux sommaires"; il fournit des données pour les années 1976-1985 et est du meme modèle que le premier numéro.

Les concepts et définitions utilisés dans les tableaux sont les suivants:

1. Limites du territoire statistique

Les données concernent tous les pays de la région africaine, divisée comme suit:

Afrique du Nord: Algérie, Egypte, Jamahiriya arabe libyenne, Maroc, Soudan et Tunisie;

Afrique de l'Ouest: Bénin, Burkina Faso, Cap Vert, Cote d'Ivoire, Gambie, Ghana, Guinée, Guinée-Bissau, Libéria, Mali, Mauritanie, Niger, Nigéria, Sénégal, Sierra Leone et Togo;

Afrique du Centre: Burundi, Congo, République centrafricaine, Gabon, Guinée équatoriale, Cameroun, Rwanda, Sao Tomé et Principe, Tchad et Zaire;

Afrique de l'est et Australe: Angola, Botswana, Comores, Djibouti, Kenya, Lesotho, Madagascar, Malawi, Maurice, Mozambique, Ouganda, République-Unie de Tanzanie, Seychelles, Somalie, Swaziland; Zambie et Zimbabwe;

Autre pays d'Afrique en développement: Namibie, Réunion, et Sahara occidental;

Afrique du Sud: L'union douanière sud-africaine.

2. Systèmes du commerce

On utilise communément pour les échanges commerciaux deux systèmes qui diffèrent essentiellement par le mode d'enregistrement des marchandises entreposées et réexportées.

a) Commerce spécial: Par importations spéciales, on entend le total combiné des importations pour la consommation intérieure directe (y compris la transformation et la réparation) et les marchandises retirées des entrepots en douane ou des zones franches pour la consommation intérieure. Les exportations spéciales comprennent les exportations de produits nationaux, les marchandises totalement ou partiellement produites ou fabriquées dans le

pays ainsi que les exportations de produits nationalisés (par produits nationalisés on entend des produits qui ont été inclus dans les importations spéciales puis sont exportés sans transformation);

b) Commerce général: Les importations générales sont le total combiné des importations pour la consommation intérieure directe et des importations dans les entrepots en douane ou dans les zones franches. Les exportations générales sont le total combiné des exportations et des réexportations nationales. Dans le système du commerce général, on entend par réexportation l'expédition à l'étranger de biens nationalisés et de biens qui, après avoir été importés, sont retirés des entrepots en douane ou des zones franches sans avoir été transformés.

Techniquement, le commerce de transit direct, c'est-à-dire le transbordement ou le mouvement de biens à travers le pays aux seules fins du transport, est exclu des statistiques du commerce spécial et du commerce général. Il est cependant inclus dans les statistiques des six pays suivants: Cap vert, Egypte, Ethiopie, Niger, Nigéria et Togo.

Les statistiques des pays suivants relèvent du système du commerce spécial :

Algérie	Congo	Mali	Sénégal
Angola	Djibouti	Maroc	Somalie
Bénin	Egypte	Mauritanie	Tchad
Burkina Faso	Rép. centrafricaine	Mozambique	Togo
Botswana	Gabon	Reunion	Zaire
Burundi	Guinée-Bissau	Sao Tomé et Principe	Zambie
Cameroun	Libéria		
Cap Vert	Madagascar		

Les statistiques des pays suivants relèvent du système du commerce général :

Comores	Lesotho	Rwanda
Cote d'Ivoire	Malawi	Seychelles 1/
Ethiopie	Maurice	Sierra Leone
Gambie	Niger	Soudan
Ghana	Nigeria	Swaziland
Guinée	Ougarda	Tanzanie
Jamahiriya arabe libyenne	Rép. sud africaine	Tunisie
Kenya		Zimbabwe

1/ Les marchandises, excepté les combustibles, importées en entrepot sont enregistrées comme importations au moment où elles sont désentreposées pour la consommation intérieure, ou pour la réexportation.

3. Evaluation

En général, pour les importations, la valeur de transaction est la valeur à laquelle les marchandises auront été vendues, augmentée des frais de transport et d'assurance, s'ils ne sont pas déjà compris, jusqu'à la frontière du pays importateur (y compris les frais de déchargement à la frontière s'il a lieu). Pour les pays suivants, la valeur donnée est cependant la valeur c.a.f. telle qu'elle vient d'être définie, à laquelle s'ajoutent les droits et autres frais de douane.

Bénin	Rép. centrafricaine	Mozambique	Soudan
Botswana	Lesotho	Niger	Swaziland
Burkina Faso	Madagascar	Cameroun	

La valeur des exportations est généralement estimée franco bord (f.o.b.) ou franco wagon ou véhicule routier, à la frontière du pays vendeur, les droits de sortie, impots intérieurs et autres charges analogues imposés dans le pays d'exportation étant également inclus dans la mesure où ils restent réellement perçus sur les biens exportés. C'est la valeur à laquelle les biens ont été vendus par l'exportateur, en incluant les frais de transport et d'assurance pour apporter les marchandises jusqu'au véhicule utilisé pour les transporter à la frontière du pays exportateur. Dans les pays suivants cependant la valeur ne correspond pas à la définition, du fait de l'exclusion des droits d'exportation et/ou autres dépenses internes.

Angola	Comores	Rwanda	Togo
Burkina Faso	Djibouti	Sierra Leone	Tunisie
Cap Vert	Madagascar	Seychelles	

4. Marchandises

On entend par marchandises tous les biens dont l'exportation ou l'importation contribuent à l'accroissement ou à la diminution du stock des ressources matérielles dans un pays.

Les marchandises suivantes sont donc à exclure des statistiques:

a) Marchandises envoyées par un gouvernement à ses forces armées et à ses représentants diplomatiques à l'étranger, 1/

b) Commerce des missions étrangères stationnées dans le pays 2/

1/ Incluses dans les statistiques du Bénin et de Madagascar.

2/ Inclus dans les statistiques du Bénin, du Botswana, de la République centrafricaine, de la Gambie, de Maurice, du Niger, du Nigéria, du Rwanda, de la Sierra Leone, et du Togo.

c) Commerce des forces militaires étrangères stationnées dans le pays 3/
d) Billets de banque 4/ et pièces de monnaie 5/, en circulation,
e) Véhicules utilisés uniquement pour transporter des marchandises ou des passagers entre les pays 6/,
f) Véhicules des touristes et des voyageurs 7/,
g) Autres effets des touristes et des voyageurs 8/,
h) Animaux importés temporairement pour l'élevage ou la reproduction, 9/
i) Marchandises expédiées uniquement en vue d'un stockage temporaire 10/,
j) Marchandises importées à des fins d'exportation seulement 11/,
k) Echantillons 12/, et conteneurs 13/ restituables.

3/ Inclus dans les statistiques du Bénin, du Burkina Faso, et de Maurice.

4/ Inclus dans les statistiques du Bénin, du Cap Vert, des Comores, de la Gambie, du Soudan et du Togo.

5/ Incluses dans les statistiques du Bénin, du Cap vert, de la Gambie et du Malawi.

6/ Inclus dans les statistiques de la Rép. centrafricaine, de l'Ethiopie, de Maurice, du Mozambique, du Nigéria, du Rwanda, des Seychelles, du Soudan et du Togo.

7/ Inclus dans les statistiques du Bénin, de la République centrafricaine, de Djibouti, du Niger, de Maurice, du Mozambique, du Nigéria, des Seychelles et du Togo.

8/ Inclus dans les statistiques du Cameroun, de la République centrafricaine, du Ghana, du Nigéria et du Togo.

9/ Inclus dans les statistiques du Bénin, de l'Egypte, de la République centrafricaine, du Ghana, du Malawi, du Niger, du Nigéria, de la Réunion et du Soudan.

10/ Incluses dans les statistiques du Bénin, du Botswana, de Maurice, du Mozambique, du Niger, du Nigéria et de la Réunion.

11/ Incluses dans les statistiques du Bénin, de la Gambie, du Ghana, du Kenya du Malawi, du Mozambique, du Niger, du Nigéria, de l'Ouganda.

12/ Inclus dans les statistiques du Bénin, du Ghana, du Kenya, du Niger, du Nigéria, de l'Ouganda, de la Sierra Leone, de la Tanzanie et du Togo.

13/ Inclus dans les statistiques du Bénin, de la Rép. centrafricaine, de la Gambie, du Ghana, du Mozambique, du Niger, du Nigéria, de la Sierra Leone, du Soudan, du Tchad et du Togo.

En ce qui concerne l'or, les pays suivants seulement incluent l'or non monétaire dans leurs statistiques :

Botswana	Ethiopie	Maurice
Cap Vert	Sierra Leone	Swaziland

et les pays suivants incluent aussi bien l'or monétaire que l'or non monétaire dans leurs statistiques :

Algérie	Egypte	Ghana	Ouganda
Bénin	Rép. centrafricaine	Kenya	Réunion
Comores	Gambie	Malawi	Tanzanie

cependant, compte tenu des difficultés techniques du fait que dans la CTCI révisée, les mouvements de tous les types d'or ne sont pas classés parmi les mouvements de marchandises, l'or non plus ne figure pas dans les tableaux.

Parmi les autres marchandises exclues figurent :

a) Les combustibles de soute et les provisions de bord pour les navires et les aéronefs 14/,
b) Poisson et épaves vendus à l'étranger ou à des navires étrangers par des navires nationaux 15/, et poisson et épaves débarqués des navires étrangers dans les ports nationaux 16/,
c) Marchandises louées 17/,
d) Travaux de réparation sur des navires et des aéronefs étrangers 18/,

---

14/ Inclus dans les statistiques du Bénin, des Comores, de la République centrafricaine, de l'Ethiopie, de la Gambie, du Kenya, de Madagascar, du Nigeria, de l'Ouganda, de la Réunion, des Seychelles, de la Somalie, du Swaziland et de la Tanzanie.

15/ Inclus dans les statistiques du Bénin, de l'Ethiopie, de la Somalie et du Togo.

16/ Inclus dans les statistiques du Bénin, des Comores, de l'Ethiopie, de la République centrafricaine, de la Gambie, du Ghana, du Kenya, de Madagascar, du Malawi, de Maurice, du Mozambique, de l'Ouganda, de la République-Unie du Cameroun, de la Réunion, des Seychelles, de la Sierra Leone, de la Somalie, du Soudan, de la Tanzanie et du Togo.

17/ Inclus dans les statistiques du Bénin, du Botswana, de la Gambie, du Ghana, de la Jamahiriya arabe libyenne, du Kenya, de la Réunion, des Seychelles, de la Sierra Leone, de la Somalie, de la Tanzanie, du Togo et de l'Ouganda.

18/ Inclus dans les statistiques du Bénin, du Lesotho, du Nigéria, du Soudan, du Swaziland et de la Gambie.

e) Marchandises envoyées à des fins de réparation 19/ et restituées 20/.

Les marchandises suivantes sont à inclure :

a) Transactions internationales concernant la vente et l'achat de navires et d'aéronefs 21/,
b) Minerai, concentrés, lingots d'argent, pièces de monnaie en argent non émises, déchets et argent partiellement ouvré 22/,
c) Commerce de gaz 23/, d'électricité 24/ et d'eau 25/.
d) Colis postaux 26/,
e) Commerce pour le compte de l'Etat 27/ (voir cependant ci-dessus les trois premières catégories de marchandises à exclure),
f) Commerce pour le compte de concessionnaires étrangers opérant dans un pays 28/,
g) Marchandises auxquelles les droits de douane ne sont pas appliqués 29/.

19/ Inclus dans les statistiques du Bénin, de la Gambie, du Ghana, du Malawi, de Maurice, du Niger, du Nigéria, de la Sierra Leone, du Soudan et du Swaziland.
20/ Inclus dans les statistiques du Bénin, du Botswana, (valeur des réparations uniquement), des Comores, de l'Egypte, de la Gambie, du Ghana, du Kenya, du Malawi, de Maurice, du Niger, du Nigéria, de l'Ouganda, du Cameroun, de la Sierra Leone, du Swaziland, de la Tanzanie et de la Zambie.
21/ Exclues des statistiques de la Gambie, du Ghana, du Niger et du Cameroun.
22/ Exclues des statistiques de la Jamahiriya arabe libyenne, du Mozambique, du Niger, du Nigéria, de la République-Unie du Cameroun, de la Sierra Leone, de la Somalie et de la Zambie. En ce qui concerne les Seychelles, le Soudan et le Swaziland, seuls les lingots et le numéraire sont exclus.
23/ Exclues des statistiques du Nigeria,
24/ Exclues des statistiques de l'Egypte, de la République centrafricaine, du Niger, du Nigéria et de la Somalie,
25/ Exclues des statistiques de Djibouti, de l'Egypte, du Niger et du Nigéria,
26/ Exclues des statistiques de Maurice (importations), du Mozambique, du Nigéria et du Rwanda,
27/ Exclues des statistiques de l'Egypte et du Nigéria,
28/ Exclues des statistiques de l'Egypte, du Ghana, du Mozambique, du Nigéria, des Seychelles et du Soudan,
29/ Exclues des statistiques de l'Ethiopie, de Maurice, de la Réunion, du Soudan et du Cameroun.

5. Pays partenaires

On ne trouve pas, dans les statistiques officielles, de définition uniforme des "pays" de diverses régions géographiques du monde avec lesquels des échanges commerciaux ont lieu. La définition de "partenaire commercial" varie donc dans un certain nombre de pays et les termes suivants sont employés:

a) En ce qui concerne les importations

i) "Pays d'origine" ou de production (c'est-à-dire le dernier pays dans lequel les marchandises ont subi une transformation matérielle appréciable) pour les pays suivants : Algérie, Angola, Bénin, Cap Vert, Comores, Congo, Cote d'Ivoire, République centrafricaine, Ethiopie, Gabon, Ghana, Guinée-Bissau, Kenya, 30/ Libéria, Madagascar, Malawi, Mali, Maroc, Maurice, Mauritanie, Mozambique, Niger, nigéria, Ouganda 30/, du Cameroun, République-Unie de Tanzanie 30/, Réunion, Sénégal, Sierra Leone, Seychelles, Somalie, Tchad, Tunisie et Zambie.

ii) "Pays de consignation" (c'est-à-dire le pays d'où les marchandises ont été initialement expédiées au pays d'enregistrement) pour les pays suivants : Botswana, Egypte, Jamahiriya arabe libyenne, Kenya 31/, Soudan, Tanzania 31/ et Zaire.

iii) "Pays d'achat" (c'est-à-dire pays où réside le vendeur) pour le swaziland.

iv) "Pays de provenance" pour tous les autres pays.

b) En ce qui concerne les exportations

i) "Pays de dernière consignation" (c'est-à-dire dernière destination connue) pour les pays suivants : Algérie, Comores, Cote d'Ivoire, Egypte, République centrafricaine, Ethiopie, Gambie, Ghana, Haute-Volta, Jamahiriya arabe libyenne, Kenya, Libéria, Madagascar, Malawi, Mali, Maroc, Mauritanie, Maurice, Niger, Nigéria, Ouganda, Cameroun, Réunion, Sénégal, Soudan, Tanzanie, Togo, et Tunisie;

ii) "Pays de consommation" (c'est-à-dire pays où la marchandise devrait subir la transformation prévue au moment de la production ou de la fabrication, ou bien endroit où elle devrait etre transformée, réparée ou subir un complément d'ouvrage, à l'exclusion des opérations de mélange, de

---

30/ Jusqu'à 1975

31/ Après 1975.

reconditionnement ou de réassortiment) pour l'Angola, le Cap Vert, la Gambie, le Bénin et le Mozambique;

iii) "Pays de vente" (c'est-à-dire pays où réside l'acheteur) pour le Swaziland;

iv) "Pays de destination" pour tous les autres pays.

c) Pays commerçant avec eux-mêmes

Certains pays se sont signalés comme commerçant avec eux-mêmes. Entre autres, on trouve les explications suivantes à cette situation.

Importations : Les marchandises exportées ont été retournées. De telles marchandises ont été enregistrées en importations dans le pays d'origine ou de provenance. C'est le cas du Malawi et de Madagascar. Exportations : Il s'agit

i) des provisions vendues à des navires de la flotte marchande nationale et traitées comme des exportations du pays concerné. C'est le cas de Madagascar;

ii) des exportations en direction d'une "zone franche" nationale et présentées comme exportations dans la publication nationale ; c'est le cas du Maroc.

Les groupes de pays cités dans la présente publication sont conformes au "United Nations Standard Country Code", sauf en ce qui concerne les sous-régions de l'Afrique.

6. Indices du quantum, valeur unitaire et termes de l'échange

Les indices de la valeur unitaire en monnaies nationales et les indices du quantum ainsi que les termes de l'échange sont présentés aux tableaux 3 à 5. A l'exception des estimations, les indices sont les indices officiels qui montrent les modifications du prix moyen des importations ou exportations globales de marchandises (indices de la valeur unitaire) ainsi que le volume des importations ou exportations globales de marchandises (indices du quantum). Chaque indice représente une modification du prix ou du volume entre la période sur laquelle porte l'indice, appelée la période courante et une période fixe, appelée la période de référence pour laquelle l'indice est représenté par le pourcentage 100. Afin de faciliter la comparaison, les indices ont été ajustés de façon à faire de l'année civile 1980 la période de référence.

Les formules utilisées pour le calcul des indices du quantum et de la valeur unitaire sont les suivantes ;

	Indice du quantum	Indice de la valeur
Laspeyres (pondération l'année de base)	$\frac{\Sigma P_oQ_n}{\Sigma P_oQ_o}$	$\frac{\Sigma P_nQ_o}{\Sigma P_oQ_o}$
Paasche (pondération de l'année en cours)	$\frac{\Sigma P_nQ_n}{\Sigma P_nQ_o}$	$\frac{\Sigma P_nQ_n}{\Sigma P_oQ_n}$
Fisher (formule idéale)	$\sqrt{\frac{\Sigma P_oQ_n}{\Sigma P_oQ_o} \times \frac{\Sigma P_nQ_n}{\Sigma P_nQ_o}}$	$\sqrt{\frac{\Sigma P_nQ_o}{\Sigma P_oQ_o} \times \frac{\Sigma P_nQ_n}{\Sigma P_oQ_n}}$

- dans lesquelles "P" signifie "prix moyen", "Q" signifie "quantité", "o" signifie "période de référence" et "n" signifie "période courante".

Les indices de la valeur unitaire en ce qui concerne les pays suivants sont fondés :

a) Sur la formule Laspeyres

Pour le Ghana, La Jamahiriya arabe libyenne 32/, l'Ile Maurice et le Sénégal;

b) Sur la formule de Paasche

Pour l'Algérie, la Cote d'Ivoire, l'Egypte, la Zambie, le Malawi, le Maroc et le Zaire;

c) Sur la formule idéale de Fisher

Pour le Kenya, l'Ouganda, la Tanzanie, la Zambie et le Zimbabwe

Les indices du quantum en ce qui concerne les pays suivants sont fondés :

a) Sur la formule de Laspeyres

Pour l'Egypte, la Jamahiriya arabe libyenne, le Malawi, le Maroc et le Soudan;

b) Sur la formule de Paasche

Néant;

32/ Ces indices sont calculés à partir de pondérations pour des périodes mobiles et mis en chaine.

c) Sur la formule idéale de Fisher

Pour le Kenya, l'Ouganda, la Tanzanie, la Zambie et le Zimbabwe.

Par ailleurs, pour les estimations portées dans les tableaux, les indices du quantum ont été calculés sur la base de la formule de Laspeyres, et ceux de la valeur unitaire calculés sur la base de la formule de Paasche. Ces estimations sont liées aux séries nationales existantes.

Les estimations concernant les indices du quantum pour la région dans son ensemble et les groupements sous-régionaux sont des moyennes des indices nationaux pondérés par l'équivalent en dollars des Etats-Unis de la valeur pertinente globale des importations ou des exportations. Les indices correspondants de la valeur unitaire interdépendants et ont été obtenus en divisant les indices de la valeur globale ainsi obtenus par les indices pertinents de la valeur unitaire, soit :

$$UVn = \frac{\Sigma Vn}{\Sigma Vo} \div Qn$$

où "UVn" représente l'indice de la valeur unitaire totale des importations ou des exportations dans un pays donné pour l'année en cours, "Vn" représente la valeur totale des importations ou des exportations dans un pays donné pour l'année en cours, "Vo" représente la valeur correspondante pendant l'année de référence et "Qn" représente l'indice de quantum pour ce pays pendant l'année en cours.

Les termes de l'échange ont été calculés en établissant le rapport des indices de la valeur unitaire des exportations et des indices des importations correspondantes.

7. Symboles utilisés

Les symboles suivants ont été utilisés dans les tableaux.
"..." signifie "non disponible"
" - " signifie "ordre de grandeur inférieur à la moitié de l'unité utilisée"
" * " Signifie "chiffre provisoire ou estimatif".
" G " signifie "commerce général"
" s " signifie "commerce spécial"

8. Estimations utilisées

Les estimations de la valeur absolue figurant dans les tableaux sont en général des extrapolations ou des dérivées des données mensuelles établis soit par le pays soit tirées des données fournies par les pays partenaires.

9. sources des données

Les publications internationales suivantes ont été utilisées pour l'établissement des tableaux :

a) Nations Unies:
   i) Yearbook of International Trade Statistics, Commerce par pays.
   ii) Produits par pays (bandes magnétiques utilisées pour la Série D)
   iii) Statistiques du commerce extérieur de l'Afrique
   - Série A, Echanges par pays

b) Fonds monétaire international: Direction of Trade Annuals,

Des rapports statistiques annuels par pays sur le commerce extérieur ont aussi été utilisés ainsi que les numéros récents des revues suivantes :

a) Africa research Ltd. (Grande-Bretagne) Africa research Bulletin.
b) The Economist Intelligence Unit, Ltd. (Londres) Quarterly Economic Review,
d) Marchés tropicaux et méditerranéens (Paris).

En outre une correspondance directe avec les différents services nationaux de statistiques a été utilisée.
